

CONTENTS

MONDAY

SESSION 1

1A	Plenary	Training to Minimize Errors in Medical Decision Making: The challenges, obstacles, and the way forward	1
-----------	---------	--	----------

SESSION 2

2A	Symposium	Updates in Medical Education – What you really need to know	1
2B	Symposium	Contextualised Simulation: New ways forward	1
2C	Short Communications	Mobility of Students and Junior Doctors	2
2D	Short Communications	Clinical Teaching 1: The Patient and Clinical Teaching	5
2E	Short Communications	Virtual Patients	8
2F	Short Communications	OSCE: Case Studies	11
2G	Short Communications	Outcome-based Education: The CanMEDs Competencies	14
2H	Short Communications	Portfolios	18
2I	Short Communications	Curriculum Evaluation	21
2J	Short Communications	Global Medical Education	24
2K	Short Communications	Student motivation	27
2L	Short Communications	Postgraduate Education 1	30
2M	Research Papers	Teaching and Learning	33
2N	Workshop	A new outcome a new challenge: research skills for medical students	36
2O	Workshop	Reviewing qualitative medical education research manuscripts	37
2P	Workshop	Evidence-based learning and assessment workshop: articles that will change your educational practice	37
2Q	Workshop	You can do it! Managing challenging teaching situations and "problem" learners	38
2R	Workshop	Building skills for small group facilitation	38
2S	Workshop	Student assessment of faculty professionalism	38
2U	Posters	The Teacher	39
2v	Posters	Specialty Training	43
2W	Posters	Curriculum Planning	50
2X	Posters	Patient Safety	58
2Y	Posters	Continuing Professional Development	64
2Z	Secrets of Success 1		69

SESSION 3

3A	Symposium	Advances in understanding self-assessment	71
3B	Symposium	Some developments in medical education	71
3C	Short Communications	Continuing Professional Development 1	72
3D	Short Communications	Clinical Teaching 2: The Context of Clinical Teaching	74
3E	PhD Reports 1		77

CONTENTS

3F	Short Communications	OSCE: Psychometrics	80
3G	Short Communications	Training the Student and Junior Doctor as a Teacher	83
3H	Short Communications	Integrating Anatomy and Clinical Teaching 1	85
3I	Short Communications	Curriculum Implementation in Action	87
3J	Short Communications	Management and Leadership Education	89
3K	Short Communications	The Student in Difficulty	92
3L	Short Communications	Teaching and Learning	94
3M	Research Papers	Learning Outcomes / Patient Safety	97
3N	Workshop	Workshop to explore current best practice and utility aspects of progress testing	100
3O	Workshop	Hearing versus listening: Is there a difference?	101
3P	Workshop	Open Education Resource Publishing - The MedEdPORTAL Experience	101
3Q	Workshop	Caffeinating PBL: Innovations to maintain discovery, interactivity and activated learning in follow up PBL sessions	102
3R	Workshop	Future of Medical Education: Charting the course for change	102
3S	Workshop	Using a Teaching Scholarship Plan (TSP) and other key strategies to move your teaching to publication	102
3U	Posters	Simulation	103
3V	Posters	e-Learning: Case Studies	110
3W	Posters	Written Assessment and Portfolio Assessment	118
3X	Posters	Management of Postgraduate Training	124
3Y	Posters	Outcome and Competency based Education	130
3Z	Secrets of Success 2		137

SESSION 4

4A	Symposium	Team-based Learning	138
4B	Symposium	Assessing the future healthcare professional – what is best practice?	139
4C	Short Communications	Continuing Professional Development 2	139
4D	Fringe 1		141
4E	Short Communications	Technology and e-Learning	143
4F	Short Communications	Assessment: Clinical	145
4G	Short Communications	Empathy	147
4H	Short Communications	Integrating Anatomy and Clinical Teaching 2	149
4I	Short Communications	Curriculum Integration	151
4J	Short Communications	International Medical Graduates	153
4K	Short Communications	Student Career Choice	155
4L	Short Communications	Training for General Practice	157
4M	Research Papers	The Continuum of Medical Education	159
4N	Workshop	FAIRness and the clinical attachment	162
4O	Workshop	The role of open-book tests in medical curricula	163
4P	Workshop	The Morbidity And Mortality Conference in medical education: Learning from our mistakes	163
4Q	Workshop	Inspiration through creation! Using creative approaches to enhance emotional intelligence in the medical curriculum	163
4R	Workshop	Making sense of academic underachievement: A self-	164

CONTENTS

4S	Workshop	regulated learning approach	164
		How to design and facilitate focus groups for educational research	
4U	Posters	Planning and Implementing Assessment and Feedback Selection	165
4V	Posters		173
4W	Posters	Peer assisted learning and peer/self assessment	178
4X	Posters	Critical Thinking	186
4Y	Posters	Interprofessional Education	192

TUESDAY

SESSION 5

5A	Plenary	Building a Curriculum for the Future: Perspectives from a new Australian medical school	198
5B	Plenary	Educating Physicians for the Future: A call for reform from The Carnegie Foundation for the Advancement of Teaching	198

SESSION 6

6A	Symposium	Medical student education in the 21 st Century – a new Flexnerian era?	198
6B	Symposium	The student-teacher relationship in the 21 st Century: customer or partner in learning? Implications for the way teachers teach and the way students learn in the 21 st century	198
6C	Short Communications	Interprofessional Education 1	199
6D	Short Communications	Simulation	202
6E	Short Communications	e-Learning Case Studies: Undergraduate	206
6F	Short Communications	Written Assessment	209
6G	Short Communications	Outcome-based Education: Undergraduate Curriculum	212
6H	Short Communications	Clinical Reasoning	215
6I	Short Communications	Curriculum Planning	218
6J	Short Communications	Patient Safety	221
6K	Short Communications	Student Characteristics	224
6L	Short Communications	Standard Setting and G Theory	227
6M	Research Papers	The Teacher	229
6N	Workshop	Young medical educator workshop: How to frame a clear research question	232
6O	Workshop	Dundee Poly-professionalism Inventories: A method to teach and self-assess healthcare professionalism in undergraduate contexts	233
6P	Workshop	Teaching CanMEDS at the bedside	233
6Q	Workshop	Addressing unethical behaviours	233
6R	Workshop	Constructing problem-based learning cases: hands-on training	234
6S	Workshop	Introduction to Team Based Learning	234

CONTENTS

6U	Posters	Staff Development	235
6V	Posters	Approaches to Teaching and Learning	243
6W	Posters	Problem Based Learning, Team Based Learning and Theories of Learning	249
6X	Posters	International Dimensions	256
6Z	Secrets of Success 3		263
SESSION 7			
7A	Symposium	Research in medical education and its contribution to future developments	265
7B	Symposium	Faculty development and keeping up to date in education in the healthcare professions	265
7C	Symposium	International accreditation in medical education: VIII Ibero-American session	266
7D	Short Communications	Clinical Teaching 3	266
7E	PhD Reports 2		269
7F	Short Communications	Assessing the Professional	271
7G	Short Communications	Outcome-based Education: Postgraduate Training	274
7H	Short Communications	Peer Assisted Learning 1	277
7I	Short Communications	Community Based Education	279
7J	Short Communications	Professionalism	282
7K	Short Communications	Evaluation of the Teacher	285
7L	Short Communications	Teaching and Learning: The Lecture	287
7M	Research Papers	Students	290
7N	Workshop	Developing high-quality multiple-choice tests to assess application of basic science knowledge using patient vignettes	293
7O	Workshop	Curriculum maps for the web generation	294
7P	Workshop	Diagnosing and treating barriers to implementing competency based education	294
7Q	Workshop	We can improve your performance! Or enhancing medical student performance in objective structured clinical examinations by adapting the tools of sport psychology	294
7R	Workshop	Safer patients with collective learning?	295
7S	Workshop	What are the benefits of inter-institutional partnerships?	295
7U	Posters	Student Characteristics and Learning Styles	296
7V	Posters	Curriculum Educational Strategies	303
7W	Posters	Educational Management and Leadership Training	309
7X	Posters	Communication Skills	317
7Z	Secrets of Success 4		323
SESSION 8			
8A	Symposium	The doctor we are educating for the future	324
8B	Symposium	The future of the basic sciences in the training of the future healthcare professional	325
8C	Short Communications	Interprofessional Education 2	325
8D	Fringe 2		327
8E	Short Communications	Implementation of e-Learning	328

CONTENTS

8F	Short Communications	Self Assessment	331
8G	Short Communications	Preparedness for Practice	333
8H	Short Communications	Postgraduate Education 2	335
8I	Short Communications	Public Health and Health Promotion	338
8J	Short Communications	Approaches to Selection	340
8K	Short Communications	Prescribing and Patient Safety	342
8L	Short Communications	Simulated Patients	344
8M	Research Papers	Postgraduate Education	346
8O	Workshop	Making assessment fair and equal: An invitational workshop on the first CRAMET Research Collaboration Paper	349
8P	Workshop	The McMaster-Ottawa Team Observed Structured Clinical Encounter (TOSCE) - an assessment and evaluation tool for interprofessional and team collaborative competencies	349
8Q	Workshop	Facilitating medical education in developing countries: Part II learning from each other	350
8R	Workshop	Developing an appraisal with multisource-feedback to assess professionalism	350
8S	Workshop	Say it better: Effective use of visual aids	350
8U	Posters	Student Career Choice and Mentoring	351
8V	Posters	Basic Science Education	357
8W	Posters	Miscellaneous Subjects	362
8X	Posters	Clinical Assessment/OSCE	367
8Y	Workshop	The PBL Experience at the University of Glasgow Medical School	375

WEDNESDAY

SESSION 9

9A	Plenary	Trends in Medical Education – why is there a need for a regulator?	376
9B	Plenary	Perspectives on Professionalism	376

SESSION 10

10A	Symposium	The Curriculum and Training the Future Healthcare Professional	376
10B	Symposium	Postgraduate Education and Continuing Professional Development	377
10C	Short Communications	Staff/Faculty Development 1	377
10D	Short Communications	Clinical Teaching 2	379
10E	Short Communications	e-Learning Case Studies: Postgraduate	382
10F	Short Communications	Assessment: Feedback	384
10G	Short Communications	Problem Based Learning 1	387
10H	Short Communications	Peer Assisted Learning 2	389
10I	Short Communications	The Education Environment	391
10J	Short Communications	Selection for Medicine and the Multi Mini Interview	393

CONTENTS

10K	Short Communications	The Teacher	395
10L	Short Communications	Pot Pourri	397
10M	Research Papers	Assessment	399
10N	Workshop	Hands-on structured approach to effective Virtual Patient authoring	401
10O	Workshop	Using web lectures and other streaming video applications in medical education	402
10R	Workshop	Encouraging mobility in medicine : can we apply spiral curricula and modules of excellence to our own university?	402
10S	Workshop	How to write an effective Team-Based Learning module	403
10U	Posters	Simulated Patients/Evaluation of Clinical Teaching	403
10V	Posters	Humanities/Public Health and Health Promotion	409
10W	Posters	OSCE	416
10X	Posters	Postgraduate Training in the Early Years	423

SESSION 11

11A	Short Communications	Transition from Student to Doctor	431
11B	Short Communications	Training for Teamwork	433
11C	Short Communications	Staff/Faculty Development 2	435
11D	Short Communications	Communication Skills	437
11E	Short Communications	Educational Research	439
11F	Short Communications	Progress Test	441
11G	Short Communications	Problem Based Learning 2	443
11H	Workshop	Measurement of clinical skills: Advanced topics	445
11I	Workshop	The wealth in silence - communication beyond conversation	445
11J	Short Communications	Entry to Medicine and Graduate Entry Programmes	445
11K	Short Communications	The Student as Author of Teaching Resources	448
11L	Workshop	Dealing with more difficult doctors in difficulty	450
11M	Workshop	Organising Open Educational Resources (OOER): the UK Higher Education Academy Subject Centre for Medicine, Dentistry and Veterinary Medicine (MEDEV)	450
11N	Workshop	How to plan and run effective workshops	451
11O	Workshop	Portfolios in medical education: Design decisions for competency-based training	451
11R	Workshop	The patient voice as a means to improve validity and reliability in clinical assessment	452
11S	Workshop	Using action research to improve practice in medical education	452
11U	Posters	Student Challenges and Student Support	452
11V	Posters	Curriculum Evaluation	460
11W	Posters	The Context and Approaches to Clinical Teaching	466
11X	Posters	e-Learning, Technology, Virtual Patients and Evaluation	472
